

# Nutress®

▶ Meet the Absolute Algae Supplier

▶ Essentials™ Cosmetics

▶ ESSENTIALS™ A NUTRESS BRAND

Nutress was founded in 2012 and has grown into Europe's biggest and most innovative algae food company. It manufactures and markets essential nutrients for feed, food and pharma and focuses primarily on the food segment.

Meeting the needs of next generations, new food standards are required. By continuously innovating, preferably through partnerships, Nutress enables tomorrow's food demand. This is realized by cultivating, developing and commercializing algae.

Nutress believes that this can be achieved most effectively by large scale production of biomass and essential nutrients as omega-3 fatty acids, antioxidants as astaxanthin, lutein and others on demand.

▶ PRODUCTS

- Essentials™ Soap
- Essentials™ Shampoo
- Essentials™ Algae Masks

▶ ESSENTIALS™ COSMETICS

The algae are cultivated indoors in a closed system, thus the growth from start to finish is completely controlled. Because of these unique cultivation conditions Essentials™ products are of superb quality, 100% natural origin and completely free from additives and allergens.

Together with Essentials™ Health supplements we offer a broad range of nutricosmetics.

The unique manufacturing process of Nutress and the associated very high quality Chlorella are Natrue certified.

▶ CERTIFICATES

- 100% Natural algae strains
- 100% Superior quality
- 100% GMO and Iodine free
- 100% Natural ingredients

Nutress is a Phycom company founded in 2009

# ESSENTIALS™ COSMETICS

Essentials™ are all natural algae products. No additives are used, and therefore the purest cosmetic brand; 100% sourced in The Netherlands.

The *Chlorella sorokiniana* algae contain high concentrations of vitamin B which play an important role in the cellular metabolism. For instance B2 vitamins are essential for healthy skin, nails, hair growth and good health in general. The freshwater algae mask powder consists solely out of *Chlorella sorokiniana* algae. Mixed with a little water it forms an intensive nourishing mask.

## SPECIFICATIONS

### PRODUCT INFORMATION

#### Ingredient declaration I N C I

#### SOAP

Sodium Palmate
Sodium Palm Kernelate
Aqua
Parfume
Glycerine
<i>Chlorella sorokiniana</i>
Hydroxyisohexyl 3-cyclohexene
Carboxaldehyde
Linalool
Sodium Chloride
Benzyl salicylate
